

## PARENTS RIGHT TO KNOW

Through federal education law, parents have the right to request information on the professional qualification of the teachers and paraprofessionals at our schools.

If you are interested in learning this information, please contact the school administration office at (701) 356-2100.

Upon this request, you will receive a detailed explanation of the licensing, education and experience of each of our teachers. You will also receive information regarding the names and qualifications of the paraprofessionals at our schools.

South Elementary is recognized as a schoolwide Title I school. Every year, the administration and staff review the school's data to determine a schoolwide focus. We then set goals and activities for the upcoming school year. All information is compiled and considered for review and used to make informed decisions that are best for South learners. These plans are laid out in continuous improvement goals that South Elementary educators will work on throughout the upcoming school year. Information is collected from various sources including, but not limited to, parent, staff and student surveys, demographic data, achievement data, program data and perception data. The following goals are our focus for the 22-23 school year.

### WELLNESS

All learners and educators are engaged in safe and compassionate learning environments that foster collaborative relationships and their physical, social, and emotional well-being.

### ACADEMIC

All learners are empowered to think critically, reflect, communicate, and achieve academic proficiency across all content areas and develop their Profile of a Graduate dispositions.

### CHOICE READY

All learners are empowered to identify their passions, skills, and purpose, set goals, and determine a personalized pathway to thrive and contribute responsibly to the local and global community.

### Wellness
