

BEFORE SCHOOL SCREENER

Parents are asked to review this daily health screener with their child before sending them to school. Parents do not need to send the questionnaire to school.

Question	YES	NO
Has your child had close contact with a confirmed case of COVID-19 in the past 14 days?		
Is your child ill and waiting for the results of a COVID-19 test?		
Does your child have a temperature of 100.4 degrees or higher?		
Has your child lost their sense of taste or smell?		
Does your child have TWO of the following symptoms? <ul style="list-style-type: none"> • Fatigue • Headache • Muscle/body aches • Chills • Cough • Shortness of breath • Sore throat • Congestion/runny nose • Nausea/vomiting • Diarrhea • Abdominal pain • Foot sores that recently appeared 		

Per guidance from the ND Department of Health, **students that answer YES to any of the above questions should NOT come to school** until one of the following occurs:

- Student receives a positive COVID-19 test, completes their 10-day isolation period, has been fever-free for 24 hours without the use of medication, and other symptoms are improving
 - If this course of action is taken, a "release from isolation" letter must be provided from the ND Dept. of Health to return.
- Student receives a negative COVID-19 test, has been fever-free for 24 hours without the use of medication, and other symptoms are improving
 - If this course of action is taken, the negative test result must be provided to return.
- Student has been diagnosed by their medical provider as having an illness other than COVID-19, has been fever-free for 24 hours without the use of medication, and other symptoms are improving
 - If this course of action is taken, a note from the medical provider including the non-COVID diagnosis must be provided to return.
- Student remains at home for 10 days, has been fever-free for 24 hours without the use of medication, and other symptoms are improving
 - If this course of action is taken, they are eligible to return on the 11th day.
